LAND TRAIL OPPORTUNITIES

 **Land Trail Opportunities**
 **Conservation Lands**

Map Updated: 2/16/2018

Land Trail Opportunities of the FGTS are corridors which represent existing, planned and conceptual non-motorized multi-use trails. These corridors form a land-based trail network of regional and state importance. The FGTS corridors on maps are represented as approximately one mile-wide to allow for flexibility in the proposed corridor locations.

The Land Trail Opportunity map is a synthesis of trail planning efforts conducted by cities, counties, transportation planning organizations, non-profits and other agencies throughout Florida. This map does not include all existing, proposed and conceptual trails in Florida, but focuses on trails of state and regional significance to form a comprehensive connected system.
