

Final Construction Certification of Reconstructed Dune

(Certification incorporated in Rule 62B-56.140, F.A.C.)

Form#: 62B-56.900(6), F.A.C.
Form Title: Final Construction Certification of Reconstructed Dune
Effective: June 22, 2009.

Permittee Name:

Permit Number:

This is to certify that the work under the permit for construction of the reconstructed dune, pursuant to Section 161.085, Florida Statutes, was inspected by the undersigned and was found to be acceptable and satisfactory in accordance with the approved plans and project description and with all conditions of the permit. All permitted construction has been completed, and no unpermitted construction has occurred. Location and elevations specified by the permit and approved plans have been verified and found to be correct, and topography and vegetation have been either preserved or restored as required by the permit and the system is ready for inspection by the state.

NOTE: Any deviations from the permit and any portions of the permitted work not actually performed shall be noted and described in detail as an exception to this certification. Attach separate page if necessary.
