

Adobe Acrobat

You can fill out this form in Acrobat Reader and then print the form with the data from the Reader.

Note that you can NOT use the **Save** or **Save As** function with **Acrobat Reader**. If you want a copy for your records, please print an extra copy of the form.

To fill out a form:

- (1) Select the hand tool . 
- (2) Position the pointer inside a form field, and click. The I-beam pointer allows you to type text. The arrow pointer allows you to select a button, a check box, a radio button, or an item from a list.
- (3) After entering text or selecting an item, check box, or radio button, do one of the following:
 - Press **Tab** to go to the next form field.
 - Press **Shift+Tab** to go to the previous form field.
 - In a multi-line text form field, **Enter** or **Return** goes to the next line in the same form field. You can use **Enter** on the keypad to accept a change and deselect the current form field.
 - Press **Escape** to reject the form field change and deselect the current form field.
 - If you are in Full Screen mode, pressing **Escape** a second time causes you to exit Full Screen mode.
- (4) Once you have filled in the appropriate form fields, do the following:
 - Select the print tool  for a copy of the form for mailing or to keep for your records.

To clear a form in a browser window:

Exit the Acrobat viewer and start again.

Important: There is no undo for this action.

7. Applicant name (operating authority): _____

Mailing address: _____
Street or P.O. Box City State Zip

Contact person: _____ Telephone: (____) _____

Title: _____

8. Authorized agent/Consultant: _____

Mailing address: _____
Street or P.O. Box City State Zip

Contact person: _____ Telephone: (____) _____

Title: _____

9. Length of primary chamber: _____ ft Heat generation capacity: _____ BTU/hr

10. Capacity of facility at a _____ minute retention time: _____ yd³/hr or _____ tons/hr

11. Operating temperature of primary chamber: _____ Degrees F

12. Estimated average volume of soil to be processed: _____ yd³/month

13. For thermal treatment technologies other than rotary kiln thermal treatment units, attach the following:

- A. A detailed description of the proposed treatment technology and functions of all processing equipment that will be used in this technology;
- B. An operation plan for the treatment technology; and
- C. The results of studies from pilot projects or actual operating facilities which demonstrate the feasibility of the technology proposed for treating the petroleum contaminated soil.

NOTE: In accordance with Rule 62-713.300(2)(c), F.A.C., if an applicant is granted a General Permit by the Department to operate a Mobile Soil Treatment Facility, that does not exempt the applicant from compliance with local zoning or land use ordinances, or with any other laws, rules, or ordinances. Applicants should also be aware that other Department permits, including permits for air or surface water discharges or solid waste disposal, may be required for soil treatment facilities.

B. CERTIFICATION BY APPLICANT AND ENGINEER OR PUBLIC OFFICER

1. Applicant

The undersigned applicant or authorized representative of _____ is aware that statements made in this form are a notification for a General Permit from the Florida Department of Environmental Protection to construct and operate a mobile soil treatment facility and certifies that the information in this notice is true, correct and complete to the best of his/her knowledge and belief. Further, the undersigned agrees to comply with the provisions of Chapter 403, Florida Statutes, and all rules and regulations of the Department. It is understood that the Permit is not transferable, and the Department will be notified prior to the sale or legal transfer of the permitted facility.

Signature of Applicant or Agent

Name and Title

Date: _____

Attach letter of authorization if agent is not a governmental official, owner, or corporate officer.

2. Professional Engineer registered in Florida (or Public Officer if authorized under Sections 403.707 and 403.7075, Florida Statutes).

This is to certify that the engineering features of this mobile soil treatment facility have been designed/examined by me and found to conform to engineering principles applicable to such facilities. In my professional judgment, this facility, when properly maintained and operated, will comply with all applicable statutes of the State of Florida and rules of the Department. It is agreed that the undersigned will provide the applicant with a set of instructions for proper maintenance and operation of the facility.
