

FEDERAL REGULATIONS: REFERENCE TABLE

OGC No. 23-0052

FEDERAL REGULATION (All within 40 CFR)	PROGRAM or CATEGORY*	DESCRIPTION	FEDERAL REGISTER PUBLICATION DATE
Part 52, Subpart K	SIP	EPA approved State Implementation Plan (SIP) submissions from Florida, Georgia, North Carolina, and South Carolina, each of which addresses the Clean Air Act (CAA) “Good Neighbor” interstate transport infrastructure SIP requirements for the 2015 8-hour ozone NAAQS. EPA determined that each state's SIP contains adequate provisions to prohibit emissions that will significantly contribute to nonattainment or interfere with maintenance of the 2015 ozone NAAQS in any other state.	<u>December 2, 2021</u>
Part 52, Subpart K	SIP	EPA approved revisions to Florida’s SIP removing rules prohibiting tampering with motor vehicle air pollution control equipment and rules concerning visible emissions. These rules are now unnecessary due to advancements in motor vehicle technology.	<u>January 25, 2022</u>
Part 60, Subparts III, JJJ Part 63, Subpart ZZZZ	NSPS NESHAP	EPA amended these regulations to reflect a 2015 court decision regarding the NSPS and NESHAP regulations for Stationary Internal Combustion Engines. The court vacated provisions in the regulations specifying that emergency engines could operate for emergency demand response or during periods when there are deviations in voltage or frequency.	<u>August 10, 2022</u>
Part 60, Subpart XXX Part 63, Subpart AAAA	NSPS NESHAP	EPA finalized technical revisions and clarifications for the NSPS and NESHAP regulations for municipal solid waste landfills. Some of the clarifications for the NSPS address	<u>February 14, 2022</u>

*Programs or Categories: NAAQS = National Ambient Air Quality Standards, SIP=State Implementation Plan, NSPS = New Source Performance Standards, NESHAP = National Emission Standards for Hazardous Air Pollutants.

OGC No. 23-0052

		the timing of certain requirements for gas collection and control systems.	
Partt 63, Subparts A and DDDDD	NESHAP	EPA finalized amendments to the NESHAP for new and existing industrial, commercial, and institutional (ICI) boilers and process heaters. Certain aspects of these standards were challenged and subsequently remanded to EPA by the U.S. Court of Appeals for the D.C. Circuit. Finalizes amendments to several numeric emission limits for new and existing boilers and process heaters and sets compliance dates for these new emission limits. Provides further explanation of EPA’s use of carbon monoxide (CO) as a surrogate for organic HAP and a CO threshold to represent the application of the maximum achievable control technology (MACT) for organic HAP. Also includes technical clarifications and corrections.	October 6, 2022
Part 63, Subparts A, IIII, KKKK, VVVV, KKKKK	NESHAP	EPA finalized technical corrections to several NESHAP regulations: Surface Coating of Automobiles and Light-Duty Trucks (Subpart IIII), Surface Coating of Metal Cans (Subpart KKKK), Boat Manufacturing (Subpart VVVV), and Clay Ceramics Manufacturing (Subpart KKKKK). Corrects inadvertent minor errors.	November 19, 2021
Part 63, Subparts A and SSSSS	NESHAP	EPA finalized the residual risk and technology review for the Refractory Products Manufacturing NESHAP. Revises certain work practice provisions based on a technology review. Includes a revision of the alternative fuel provisions, amendments addressing periods of startup, shutdown, and malfunction (SSM),	November 19, 2021

*Programs or Categories: NAAQS = National Ambient Air Quality Standards, SIP=State Implementation Plan, NSPS = New Source Performance Standards, NESHAP = National Emission Standards for Hazardous Air Pollutants.

FEDERAL REGULATIONS: REFERENCE TABLE

OGC No. 23-0052

		emissions during scheduled maintenance, and electronic notification of compliance status, performance test results, and performance evaluations. Updates several test methods.	
Part 63, Subparts A and YY	NESHAP	EPA finalized the residual risk and technology review for the NESHAP for Source Categories General Provisions and Generic Maximum Achievable Control Technology Standards. Finalizes amendments to address SSM provisions of existing standards and requirements for electronic reporting of certain notifications, performance tests results and semiannual reports.	November 19, 2021
Part 63, Subpart YYYY	NESHAP	EPA finalized amendments to remove the stay of the effectiveness of the standards for new lean premix and diffusion flame gas-fired turbines, which EPA promulgated in 2004.	March 9, 2022
Part 63, Subparts MMMMM and OOOOOO	NESHAP	EPA finalized the residual risk and technology review for the Flexible Polyurethane Foam Fabrication Operations source category NESHAPs. Revisions include adding a numeric emission limit for existing flame lamination units, removing exemptions for periods of SSM, requiring periodic performance tests, and requiring electronic reporting of performance test results and compliance test results.	November 18, 2021
Part 63 Subpart C	NESHAP	EPA is amending the list of hazardous air pollutants under Clean Air Act (CAA) to add 1-bromopropane (1-BP) in response to public petitions previously granted by EPA.	January 5, 2022

*Programs or Categories: NAAQS = National Ambient Air Quality Standards, SIP=State Implementation Plan, NSPS = New Source Performance Standards, NESHAP = National Emission Standards for Hazardous Air Pollutants.
