Implementation Grants

10. Sea Level Impact Projection Study Requirement. If a state-funded construction project is located within an area where a Sea Level Impact Protection (SLIP) study is required pursuant to Section 380.0937, Florida Statutes, the Grantee is responsible for conducting such a SLIP study and submitting the resulting report to the Department. The Grantee agrees to ensure that all necessary permits are obtained prior to implementation of any grant-funded activity that may fall under applicable federal, state, or local laws. Further, the Grantee shall abide by all terms and conditions of each applicable permit for any grant-funded activity. Upon request, the Grantee must provide a copy of all required, acquired, and approved permits for the project.
