D PROJECT WORK PLAN (COMPLETE FOR ALL PROJECTS, DEVELOPMENT AND ACQUISITION):

In this next section, you will enter the information to develop your Project Work Plan by entering the information for each Project Element to be developed. You will also enter the information for the grant funds and match to be provided for each element. Primary elements and support elements should be listed separately and you must identify all elements that will be completed under this Agreement. Use as many project elements as needed to complete.

DEVELOPMENT PROJECTS:
PRIMARY RECREATION AREAS AND FACILITIES:

Primary facilities include all recreation facilities and opportunities. Primary cost must be equal to or greater than fifty percent (50%) of the total cost. Primary examples are: beach access, picnic facilities, fishing piers, ball fields, tennis courts, trails, trailheads, shade structures for recreational facilities, etc. Enclosed structures are not eligible costs. Costs of planning and site preparation should be included within the cost of each element. If land value is used as match, it should be included under primary cost. If this is a trail project, list the uses or types of trails. If developing one trail for multi-purposes state multi-purpose trail, but if doing several different trails list separately with each use (example: walking trail or bike trail).

SUPPORT FACILITIES AND IMPROVEMENTS: Support facilities are facilities which cannot stand alone, or which would have little or no public outdoor recreational value without the primary facility. No enclosed structures are eligible except restrooms, bathhouses or restroom/concession stands. Other support examples are: parking, landscaping, and security lighting. Amenities such as benches, or bike racks will receive no points when being scored. The enclosed structures listed above cannot be phased and must be completed with one grant.

ACQUISITION PROJECTS:
If acquisition project, list the project work plan for the development of the project.
