

**PETITION TO DEP
NO OIL DRILLING
IN THE EASTERN EVERGLADES**

We, the undersigned, urge you to deny the permit by Kanter Real Estate for oil drilling in southwest Broward County, in the eastern Everglades. This proposed oil drilling threatens not only Everglades restoration, but also local wildlife and south Florida's drinking water.

As Floridians, we believe that further drilling in the Everglades is both dangerous and unnecessary. As taxpayers, we are already investing heavily in restoring the Everglades and further drilling can only undermine this effort. The boom and bust cycles of the domestic energy market should never take precedence over the preservation of critical natural resources.

Signed,
