RULE NO.: RULE TITLE:

61G7-5.0012 Historical Sketch

PURPOSE AND EFFECT: The purpose of these amendments is to remove old, or outdated materials in reference rule text.

SUMMARY: Remove old and update new referenced text of rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

PUBLIC SERVICE COMMISSION

RULE NO.: RULE TITLE:

25-6.078 Schedule of Charges

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that Florida Power & Light Company’s (FPL) petition filed on January 7, 2022, seeking a temporary waiver of subsection 25-6.078(3), Florida Administrative Code, in Commission Docket No. 20220012-EI, was addressed by Order No. PSC-2022-0062-PAA-EI, issued February 17, 2022, and consummated by Order No. PSC-2022-0191-FOF-EI, issued May 23, 2022. Subsection 25-6.078(3), F.A.C., addresses contributions-in-aid-of-construction for installation of electric underground facilities in new residential subdivisions and requires an investor-owned utility to file its written policy and supporting data and analyses at least once every three years. Pursuant to Section 120.542, Florida Statutes, FPL’s petition was approved on the basis that FPL demonstrated that the purpose of the underlying statutes would be achieved by the deferred filing deadline and that strict application of the rule would create substantial hardship under the circumstances described in FPL’s petition. Notice of the petition was published in the Florida Administrative Register on January 11, 2022.

A copy of the Orders may be obtained from the Office of the Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, (850)413-6770.
