Florida Green School Designation Program

Environmental Performance Data Reporting Form

BASELINE ENVIRONMENTAL PERFORMANCE DATA

To improve environmental performance, a facility must continue to measure its impact. This information helps the facility set goals and measure improvements that can be shared with guests and employees. Additionally, it helps the Florida *Green School Designation* Program promote designated schools.

Please report solid waste, water consumption and energy usage information from invoices for the previous 12 months. Enter reporting period from: to:

mm/yyyy mm/yyyy

If an item is not applicable, select N/A.

SOLID WASTE

If solid waste information is not available, provide an estimate. An estimate can be calculated by weighing or measuring consumption/materials for one week. Average the weekly figure, making sure to correct for seasonal variations in your business. Multiply the weekly average by 52 to get an estimated total for the year.

Measurements must be the ANNUAL totals in tons.
