

MARK SEES

**MANAGER, ORLANDO
WETLANDS**

Mark Sees has been the Wetlands Program Manager for the City of Orlando for the last 25 years. Prior to this, for five years he was a consulting biologist with an engineering/consulting firm. Mark's primary duties include managing the Orlando Easterly Wetlands Program – a large scale constructed treatment system. He has also been involved in numerous water quality enhancement projects and the design of smaller constructed wetland treatment systems.

Mark is licensed as a commercial aquatic herbicide applicator, certified prescribed burn manager, commercial drone pilot and winner of the National Wetlands Award in 2018 along with a Congressional Service Award for his work in wetlands.
