Sharing Information with Our Contractors

Clarification on Mobilizations:

The determination of the appropriate mobilization pay item to use is always based on the contractor's/subcontractor's closest office to the site regardless of which office personnel is mobilizing from.

Calculation of Proration for Daily Usage:

The proration of a pay item (i.e. Pay Item 14-4) for daily usage should be calculated based on a seven day week rather than a five day week since a week is defined as seven days per Section V (A) (15) in the Amended and Restated Contract.

Updating Address Information in My Florida Market Place:

When updating/editing address information in MFMP do not delete an office address as this will CANCEL all the active Purchase Orders and Change Orders associated with the deleted address.

Click on the link below for the MFMP vendors presentation (page 26-Vendors should avoid deleting locations that are actively tied to POs).
