Florida's Diesel Emissions Mitigation Program

Public Informational Webinar Agenda

The Florida Department of Environmental Protection (Department) Division of Air Resource Management announces two webinars to inform the public about the development of Florida's State Beneficiary Mitigation Plan under the Volkswagen Diesel Emissions Environmental Mitigation Trust. These public informational webinars coincide with the availability of an online public survey and invitation to submit written comments on Florida's use of funds made available to the state through the Volkswagen Diesel Emissions Environmental Mitigation Trust. The Department will be collecting survey data and accepting comments through May 12, 2018. The Department will use the survey results and comments in developing Florida's State Beneficiary Mitigation Plan. At this time, the Department is not soliciting or accepting funding requests or proposals for specific diesel emission reduction projects.

Agenda

1. Introduction and Meeting Overview 10 Minutes
2. Presentation: Planning for Florida's Diesel Emissions Mitigation Program . 60 Minutes
3. Questions & Answers 30 Minutes
4. Closing of Formal Presentation 5 Minutes
