Questions	Section I. Project Components	Points
1	**Includes an outreach component**	
	Does the project include at least 2 public meetings?	0-6
2	**Feasible in allowed timeframe**	
	Is the project likely to be finished in the proposed time frame?	0-5
3	**Deliverables clearly defined**	
	Are the deliverables clear, measurable, tangible, and specific to each task as described?	0-5
4	**Level of detail**	
	Is there enough detail in the application to understand what will be accomplished, how it will be accomplished and how much it will cost?	0-5
	Section II. Project Merit	
5	**Adaptation Action Areas**	
	Do the project outcomes include the development of Adaptation Action Areas, and are the required deliverables included under the Tasks and Deliverables portion of the application?	0-1
6	**Social Vulnerability**	
	Does the project includes an analysis of social vulnerability over and above what is typically included in Peril of Flood analysis and/or development of plans specifically focused on social vulnerability?	0-1
7	**Natural Resources**	
	Does the project includes analysis of natural resource vulnerability over and above what is typically included in Peril of Flood analysis and/or development of plans specifically focused on natural resource vulnerability?	0-1
	Section III. Project Budget	
8	**Efficiently uses grant resources**	
	Are the tasks and deliverable described in enough detail to determine if the grant funds will be used effectively?	0-5
9	**Project costs are reasonable for the work planned.**	
	Is the overall cost for the project in line with commonly acceptable costs for similar work?	0-5
